

THE ULTIMATE IN TOOL ORGANIZATION AND STORAGE

Montezuma[®]
LIFE ORGANIZED

Montezuma® maintains uncompromising commitment to creating the most intuitive, high-quality tool chests, cabinets, and garage storage systems. Our products are rugged and reliable, enduring anything they might face on the job or at home. They provide the tradesperson, the hobbyist or the homeowner with the tools to succeed in their everyday life.

THE TRIANGLE™

The iconic Montezuma® Triangle™ Toolbox was born in America, in the heart of the Midwest, on the backcountry roads of Kansas. The rough terrain found out on farms or ranches can cause even the best work vehicle to stress and strain, bounce around and make a mess in the truck, damaging the tools and frustrating the driver.

The Triangle™ Toolbox provides a solid organization solution with its patented lid design. When closed, the lid locks all tools in position, creating protection, security and organization even when one ventures down the most difficult country roads.

Put it to the test and rest assured your tools will stay exactly where you want them!

FEATURES AND BENEFITS

- ▶ Use in workspace or mount to your work or recreational vehicle
- ▶ Durable, reliable and long-lasting performance
- ▶ 16-gauge steel or heavy duty aluminum construction holds up even under off-road conditions
- ▶ Lid design locks tools in place when closed
- ▶ Designed to carry SAE and Metric tools
- ▶ Weather resistant seal on lid protects tools against dust and moisture
- ▶ Lock and latching system secures tools from unauthorized use
- ▶ Durable UV resistant powder coat paint is built for outdoor use (on steel toolboxes only)

**41" x 18" STEEL TOOLBOX
(DX411B/DX411FB)**

	IMPERIAL	METRIC
Width	41-3/4"	106 cm
Depth	18"	45.8 cm

TOOL CHESTS AND CABINETS

Our newest Montezuma[®] storage system is the most premium, optimally designed, 24" deep tool chest and cabinet system available. This offering provides the master professional or the experienced DIYer with more cubic space to store and organize hand tools and accessories, especially oversized power tools. The system is versatile and is the perfect addition to any garage or work space. Rugged durability provides reliable, long-lasting product performance.

FEATURES AND BENEFITS

NEW DESIGN AND SECURITY

- ▶ 24" deep units provide you with 33% more cubic space than standard 18" deep tool storage
- ▶ Indented angle sides provide the unit with more structural rigidity, significantly improving overall strength and durability
- ▶ Chamfered corners eliminate the sharp corners in traditional toolboxes
- ▶ Charging tools is made quick and easy with power and USB outlets on both the chest and cabinet
- ▶ Security drawers in chest help keep valuables out of unauthorized hands
- ▶ Our coded tubular locks provide additional protection for tools

DRAWERS AND LIDS

- ▶ Full extension ball bearing drawer slides hold 150 lb, increasing capacity and providing a smooth pull action
- ▶ Large drawers are equipped with double slides, offering 300 lb for storage of heavier tools
- ▶ Exclusive, patented drawer latching system keeps drawers tightly closed
- ▶ Variety of drawer sizes allows you to organize tools the way you want
- ▶ Fully extruded heavy duty aluminum drawer pulls eliminate flexing and are designed to pull out easily
- ▶ Deluxe drawer liners protect drawers and tools from wear and tear
- ▶ Gas struts in lid make it easy to open, providing great visibility and easy access to tools

DURABILITY AND MOBILITY

- ▶ Durable powder coat paint keeps color from fading
- ▶ Resin coated work surface on the cabinet provides you with additional space
- ▶ Rugged casters on cabinet provide easy mobility while supporting the weight of the tools
- ▶ Sturdy side handles make moving the tool cabinet easier
